

TAFT WOULD HURRY TARIFF

Uncertain Conditions Disturb Business

WANTS GENUINE REVISIONS

Has No Specific Suggestions—MacVeagh Says a Stamp Tax Is Possible—Some Delay in Action May Be Caused by House Insurgents.

Washington, March 10.—The problem of financing the government—providing the necessary funds for the projects under way, maintaining the plans of the Taft administration, and making the demands square with a new tariff schedule—engaged President Taft, Senator Aldrich, Speaker Cannon and Secretary of the Treasury MacVeagh for two hours at the White House yesterday. The necessity for the enactment of a tariff bill at the earliest possible moment was discussed, there being little reference to the details of the proposed legislation. Whether a definite policy was outlined at the conference, could not be learned. That the manufacturers and other large interests are demanding early tariff legislation and that the business conditions of the country are necessarily unsettled until the tariff schedules are finally fixed by Congress, were the principal reasons given for the desire to permit nothing to interfere with prompt action by Congress at the special session.

The possible delay which the "house insurgents" may cause by a fight against the rule and the further obstacles that may be put in the way of the tariff bill were thoroughly considered. The conference agreed that every Republican in the House and Senate is pledged by the party platform to let nothing interfere with an immediate revision. President Taft told the tariff framers last Saturday that his special message on tariff revision would contain no reference to specific schedules. Mr. Taft has, however, made a consistent fight for a genuine revision of the tariff, and has let it be known in many ways that he would be satisfied with nothing less. In his inaugural address he frankly called attention to the one hundred million dollar deficit which confronted his administration, and he suggested the possible necessity of an inheritance tax to make up some of the future revenues. Frankly Mr. MacVeagh has allowed himself to be quoted as to the possible necessity of a stamp tax.

It is certain that since the conference there is a more definite understanding as to what may and what may not be desired of the proposed new tariff as a revenue producer. If the conclusion has been reached that the tariff revision must be radical, provision in the bill may be looked for which will have for its purpose raising revenue by other means than a tax on imports.

TAFT CABINET FIRST

Meeting Held Yesterday; Rule to Keep Mum on Business Transacted.

Washington, March 10.—President Taft's first cabinet meeting convened at 11 o'clock yesterday. All the members except Mr. Dickinson, who is to be secretary of war, were present.

President Taft has determined not to permit the members of his cabinet to discuss the business transacted. The meeting yesterday broke up at 12:45, when Secretary Knox announced Mr. Taft's ruling.

"The president has decided to pursue the policy of his predecessors and do his own talking," said Secretary Knox. Secretaries Wright, Meyer, Nagel and Wilson confirmed this statement. Previous to the meeting Secretary Knox had a conference with Mr. Taft and the president had time to receive the following

Exposure to Wet, dampness and cold, results in a sudden chill. Take a teaspoonful of Perry Davis' Pain-Killer, in half a glass of warm water or milk. The whole system will be heated and the danger of cold avoided. Two million bottles are sold every year and this after twenty years in use. There is the new and economical 35 cent size and also the 50 cent size.

It Is Not Because

Hood's Sarsaparilla contains sarsaparilla, simply, but because it is composed of more than twenty great specifics, so combined and proportioned as to be raised to their highest efficiency, that it effects its wonderful, radical and permanent cures.

These are the very specifics that successful physicians prescribe for diseases of the blood, stomach, liver, kidneys and bowels, and for low or run-down condition of the system; but they are not all found in any other medicine. Hood's Sarsaparilla is "Peculiar to Itself," and this is why there is no real substitute for it. There is no "just-as-good" medicine. Its cures of scrofula, eczema, eruptions, catarrh, rheumatism, anemia, nervousness, that tired feeling, dyspepsia, loss of appetite and general debility, are in many instances so remarkable as to surprise physicians, nurses, patients and all others having knowledge of them.

If urged to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make and yields the dealer a larger profit.

Get Hood's Sarsaparilla today. In usual liquid or tablet called Sarsatab. 40c does \$1.

callers: Gov. Ide of the Philippine Islands, Senators Bradley of Kentucky, Nixon of Nevada, Scott of West Virginia, Gamble of South Dakota and Carter and Clarke of Montana; Representatives Martin of South Dakota, Dwight of New York, former Senator Fulton of Oregon, former Representative Richardson of Tennessee, and Elmer Dover, secretary of the executive committee of the national Republican committee.

Chief Justice Fuller and members of the supreme court of the United States formally paid their respects to the president at the White House yesterday. The justices were received in the blue parlor.

IN FINE NEW QUARTERS.

Senators Move Into Their Palatial Office Building.

Washington, March 10.—The Senate moved into its new \$4,500,000 office building yesterday. Despite the forbidding outside, no government building with the possible exception of the Congressional library, is more elaborately or better finished. The rooms are large. Every senator received a portion of the big building in the distribution which was apparently based on seniority of service. It is said that some of the great Senate bosses obtained the equivalent of 12 enormous rooms.

The caucus room is magnificent. The dining room resembles a ball room in an exclusive private residence. The walls are finished in matched marbles. The restaurant connected with the structure will be one of the best and most completely equipped in the world. It will not be ready for use until well along in the summer.

The flag on the Malby building, where all the senators have been quartered during the past 20 years, was taken yesterday for the last time. This building was purchased in 1889 for \$128,000.

WINS \$1,500,000 LAND SUIT.

Government Gets Property Railroad Held Through "Dummy" Entries.

Washington, March 10.—A settlement has been effected by the secretary of the interior of government suit against the Union Pacific railway, involving coal lands in Wyoming estimated as worth \$1,500,000. This land is said to have been acquired through what are known as "dummy" entries.

The land involved aggregated 4,500 acres, and after numerous conferences the company decided not to defend the suit, but to convey the lands to the government. It also paid nearly \$33,000 in settlement for the coal mined from the lands. Besides reconveying the land and paying trespass damages, the company loses the \$91,200, which was paid as purchase price for the land.

This is one of the cases included in former Secretary Garfield's letter to Congress yesterday that lands worth over \$200,000,000 were under investigation or in litigation.

FILIPINO EDITOR CONVICTED.

The Court Finds That He Libelled Worcester.

Manila, March 10.—Teodoro Kalaw, editor of El Renacimiento, the organ of the radical element of the Filipinos, has been convicted of libelling Dean C. Worcester, a member of the Philippine commission, and sentenced to serve nine months in the military prison at Bilibid and to pay a fine of 3,000 pesos. Kalaw will take an appeal from the sentence. The editor and four of his assistants were arrested six months ago on complaint of the commissioner, who asserted that he had been grossly libelled in the columns of El Renacimiento.

Why Not Try

ASTHMA REMEDY?

Gives prompt and positive relief in every case. Sold by druggists. Price \$1.00. Trial package by mail to cents. Williams' MFG. Co., Props., Cleveland, Ohio.

Spice Cake is nice to serve at supper, 10c each.
Hermit Cookies—something new—are fine, 10c dozen.

Our Sweet Milk Bread is the kind that satisfies. None better in city, 10c loaf at grocers or us.

TELEPHONE 337-4.

MRS. ROOSEVELT TO GO ABROAD

Will Spend Months in Italy With Three Children

PLANS TO MEET HUSBAND

While Former President Is Hunting in African Jungle, Wife, with Ethel, Archie and Quentin, Will Be the Guest of Her Sister.

Oyster Bay, N. Y., March 10.—While the Roosevelt jungle trip is on, according to the plans now being made, Mrs. Roosevelt and three of her children will spend several months in Italy, winding up with a journey to Khartum next March, where they will meet Mr. Roosevelt as he emerges from the wilds with his trophies of the chase. Mrs. Longworth and Theodore, Jr., will not make the trip to Italy.

Mrs. Roosevelt, with Ethel, Archie and Quentin, will be the guests of Mrs. Roosevelt's sister, Miss Carey, at her villa outside of Rome. When Archie, at Grotto, and Quentin, now at the Episcopal high school in Alexandria, Va., have finished their terms, they will join their mother and sister at Sagamore Hill.

About July 1 they are to sail from New York for Naples, there to be met by Miss Carey, and taken to the Carey villa. Their stay there will probably last until March 1, 1910.

Sailing from Italy then, the Roosevelts will go to Alexandria, Egypt, and start up the Nile for Khartum. Here, unless there are unforeseen delays in his schedule, Mr. Roosevelt will break through the jungle into civilization and rejoin his family about April 1.

While further Roosevelt plans are still uncertain, it is probable that the Roosevelts will tarry long enough in Egypt to view the show places on their way back. In Europe, on Mr. Roosevelt's return, he will fill a number of engagements to deliver addresses. The engagements already made are for addresses in London, Paris and Berlin, and a number of others are said to be in possible prospect. It has not yet been told just where the Roosevelts would spend the winter of 1910 and 1911, but there is some likelihood that Mr. and Mrs. Roosevelt will pass some of it in travel, while the younger children go to school abroad.

MEDICINES FOR ROOSEVELT.

Supplies Enough for a Regiment Packed Into a Suit Case.

New York, March 10.—Medicine enough for a regiment and surgical instruments enough to do the work of an ordinary hospital, will be carried by Theodore Roosevelt, all condensed so as to fit a suit case. There are 15,000 doses in the tablets, nearly 40 per cent, of them quinine. The other medicines are to ward off diseases most prevalent in equatorial Africa, chemicals to make swamp water pure and palatable, cures for snake bites, stimulants, opiate, knives and bandages.

These supplies, packed in unbreakable and airtight bottles of a vulcanite composition, fit into an aluminum case 15 by 10 by 8 inches. The firm that supplied Roosevelt also supplied Livingston, Stanley, Emin, Pasha, Peary, Abruzzi and other explorers with medicine chests.

Liquid finds no place in the assortment nor in the outfit for developing photographs prepared for Kermit Roosevelt by the same firm and put up in equally condensed form.

ROOSEVELT AND THE LION.

Baltimore, March 9.—Former Attorney General Bonaparte said he thought he would follow the example of his late chief and talk no more for publication.

"Do you think," he was asked, "that Mr. Roosevelt will keep silent?"

Mr. Bonaparte gave one of his famous winks. "If a lion should swallow him," he said, "he would disagree with the lion."

HAS FASTED 40 DAYS.

Marlboro Man Unable to Eat, Wished to Emulate Lord's Abstinence.

Marlboro, March 10.—Lying at the point of death, Adelard Bastien yesterday entered upon his 40th day without tasting food of any kind. The case is one of the most remarkable ever called to the attention of the Marlboro physicians.

Bastien had been strong and healthy, and he worked at shoe making until attacked by cancer. An operation was performed, and Bastien then took a little food. It nearly killed him. Since that time he has refrained from taking food of any kind, knowing that the first time any food entered his stomach he would die.

He has been reduced from 155 pounds to about 65 pounds. Late yesterday he expressed a desire to live 40 days without eating, emulating the fast of the Master. He cannot last much longer. There is great sympathy expressed for the plucky man all over the city.

Three Hurt in Train Wreck.

Albany, N. Y., March 10.—In a head-on collision yesterday between passenger train No. 2, which left Albany for Binghamton at 7:40 a. m., and a light engine on the Delaware & Hudson railroad at Kenwood Junction, just south of Albany, three men were severely injured, necessitating their removal to hospitals, and several others were slightly hurt.

FILES CURED IN 6 TO 14 DAYS

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 25c.

NEW BREAD HURT YOU?

You Like It But Don't Dare to Eat it Now

STOP FOOD FERMENTING

Prove the Remarkable Digestive Virtue of Diapiesin To-day—No Danger of Stomach Misery Following.

Miserable is the man or woman who suffers from dread indigestion or dyspepsia. There are few diseases which create such misery, long drawn-out suffering, as indigestion. It pursues them before meals, after meals and between meals; they take it to bed with them. It is with them wherever they go, though indigestion is the simplest disease of all to cure.

Tell such afflicted ones, dear reader, of Pape's Diapiesin; urge the sufferer to go to any pharmacy here and give 50 cents for a case. Such a sufferer would ever bless you, because five minutes after taking there would be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, or fullness and discomfort, no belching of gas or eructations of sour food, debilitating headache, nausea, water brash and other symptoms of a sour, disordered stomach.

Pape's Diapiesin will digest anything you eat without the aid of the stomach. Diapiesin is a wonderful stomach purifier and splendid to keep the intestines clean and fresh; then your food will not ferment and poison your breath with nauseous odors.

Diapiesin will rest the stomach and increase the gastric juices; this is what is mostly needed—more and better digestive juices—and no gas—then indigestion and all stomach trouble will go.

Each 50-cent case contains sufficient to usually thoroughly cure the most chronic dyspepsia.

INDIANS DEFEATED TIGERS LAST NIGHT

Rolling in the City Candle Pin League Was Quite Even, Two of the Three Frames Being Close.

The Indians won from the Tigers in the city bowling league last night, although the rolling was even. The scores were as follows:

| Tigers. | | | |
|------------|-----|-----|----------|
| Nute | 83 | 100 | 70-233 |
| Carson | 79 | 76 | 66-221 |
| Pickering | 70 | 71 | 75-240 |
| Brown | 81 | 88 | 92-261 |
| Timmons | 82 | 72 | 80-240 |
| Indians. | | | |
| Sampson | 82 | 72 | 79-233 |
| Moss | 81 | 95 | 71-247 |
| Ingils | 72 | 73 | 96-241 |
| Bugbee | 84 | 98 | 79-251 |
| Sutherland | 88 | 90 | 98-276 |
| Totals. | | | |
| | 407 | 428 | 423-1258 |

TWO CENT FARE BILL IS KILLED.

Committee Recommendation of Non-Action Adopted by Senate.

Topeka, Kan., March 10.—The Senate yesterday adopted the report of the railroad committee, which recommended that the two-cent fare bill be not passed.

This ends the two-cent fare legislation in the Kansas legislature at this session.

TO PALE, THIN PEOPLE

Druggist D. F. Davis Offers to Pay for Samose If It Does Not Make Thin Folks Fat.

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but this food is not properly digested, and does them no good.

Samose, the remarkable flesh-forming food, should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

Weigh yourself before you commence the use of Samose, and you will notice a steady gain. Samose is not a cod liver oil or similar nauseating concoction, but a scientific, flesh-forming food that restores the thin and scrawny to their proper weight, and fills the weak and debilitated with vigor and vitality.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that Druggist D. F. Davis is willing to pay for the treatment if it does not give the desired results.

CITY BAKERY 10c CAKES

Folks like our cakes simply because they're good. And we take pains to make them good so they will like them.

Tutti Frutti Cake, each 10c
Ribbon Cake, each 10c
Walnut Cake with real fresh nuts in and on it. Makes delightful eating. 10c each.

Our Milk Bread is growing in popularity. It is imitated but not equaled. 10c loaf.

Whole Wheat Bread such as we make is fine. 10c loaf. Tel. 12-11.

STANDARD OUT OF MISSOURI

Court Refuses the Company a Rehearing

WATERS-PIERCE CONCERN

Wins a Victory—To Be Freed from Control of Trust—Standard to Carry Its Case to the Supreme Court.

Jefferson City, Mo., March 10.—The motions by the Standard Oil company of Indiana and the Republic Oil company of Ohio for a rehearing of the ouster suit recently decided against them, and for a modification of the judgment, were overruled by the Missouri supreme court yesterday.

The position of the Waters-Pierce Oil company was upheld, the motion of the attorney general for an absolute ouster of the Missouri company being denied, the compliance with the court order recently filed by the company approved and the judgment of ouster against them being suspended. The effect of these decisions is to expel the Indiana and Ohio companies from Missouri, and to restore the Waters-Pierce company, sixty per cent, of whose stock is held by the Standard Oil company of New Jersey, the right to do business within the state. Justice Vallant announced the court's decision. Justices Lamm and Woodson dissented. The Standard Oil interests are expected to appeal their case to the supreme court of the United States.

The decision constituted a great victory for the Waters-Pierce company, and incidentally for the minority interest of that concern who claim to have been making unavailing efforts to free the company from control by the New Jersey corporation. With the judgment of ouster made absolute against the Standard Oil company of Indiana and the Republic Oil company, these concerns must now pay their fines of \$50,000 each, and cease business in the state. The \$50,000 assessed against the Waters-Pierce company has been paid.

The order in relation to the Waters-Pierce company recites that as the company has given satisfactory evidence of its purpose to henceforth conduct its business so as not to violate the law of this state, the judgment oustering the company is suspended. The order adds: "The court will retain jurisdiction of the cause for the purpose of setting aside and annulling this order or modifying the same if the court should hereafter, on motion of the attorney general, or its own motion, become satisfied that the Waters-Pierce Oil company is at that time or has been conducting its business in a manner forbidden by the laws of this state in relation to pools, trusts and conspiracies."

Burlington, March 10.—Base ball at the university is now on in earnest. The practice, owing to improvements made in the cage, is carried on in a manner to give each man an opportunity to show, better than ever before, what he can do. The squad, which had almost unprecedented advantages at the start, over previous squads in the way of experienced men, has fallen into hard luck. It was thought at the beginning of the year that Gardner, owing to his contract with the Boston American team, would be the only old man who would not be back. Since then, however, it has become necessary for Paquet, through outside circumstances, to leave college, and it is not known whether or not Collyer will be able to play this year. This leaves the infield in bad shape as regards old men, but all of the old men are back in the outfield. Special attention has been given this year to the hitting of the candidates. The cage has been divided by means of nets so that two hitting squads can be worked at the same time. This gives the men who are trying for the team the same advantages that only the men of the last "cut" enjoyed before. The nets are raised for fielding purposes so that this does not interfere with that part of the game.

Among those who "look good" this season are Burrington, Collins, Hunt, Haynes and McConnell. It is unnecessary to say anything in regard to the game put up by Collins and Burrington as a record-breaking battery, and the others are well and favorably known. The others on the squad are all men who have won their laurels on "prep" school teams.

O'Day of Fitchburg high school is one of the most promising candidates. He is formerly caught, but is known as a "hitter" and an all-around infielder. McDonald, an outsider from Massachusetts, is also reported as being a good hitter. Williams and Zwick, who played foot ball last fall, are also mentioned as being good base ball men. Among the others who are showing up well are Shanahan, Shaw and Baykendale. It is expected that the squad will not be cut down for some time, as it is desired to develop all the new material possible.

Miss Jennie McClellan Attacked Attorney Who Opposed Her.

Boston, March 10.—Flourishing a stout dog whip, Miss Jennie B. McClellan of Natick, Mass., struck George B. Sweetser, an attorney, twice across the face as he emerged from his office building on State street yesterday and was only prevented from administering further chastisement by a crowd of hurrying brokers.

It was the second attack which Miss McClellan had made, as she struck a man while coming into the city on the train early in the day on the supposition that he was Mr. Sweetser. Mr. Sweetser was the attorney for the defense in a breach of promise suit which Miss McClellan had brought against a Boston merchant.

USED A WHIP.

Mexico City, March 10.—According to private advices, President Zelaya of Nicaragua has called another conference between Mexico, Honduras, Guatemala, Salvador and Costa Rica, with the view of arranging permanent peace for Central America. The conference is to be held on one of the warships of the American Pacific squadron now at Amapala.

Said to Have Been Called by President Zelaya.

Several People Said to Have Been Hurt on Delaware & Hudson R. R.

Albany, N. Y., March 9.—Several persons are reported to have been injured in a wreck of two passenger trains on the Delaware & Hudson railroad between Albany and Alamo to-day. Officials are investigating. They are unable to say as to the number of the injured.

WRECK REPORTED.

VERMONT DOCKS

And Work of Overhauling Her Will Be Started at Once.

Boston, March 9.—The battleship Vermont docked at the Charlestown navy yard at noon to-day, making the fourth vessel of the home-coming fleet to arrive here. Boston's quota of ships for overhauling is now complete, and work will commence on them at once.

OTHERS GOING TO EUROPE.

Roosevelt Family Except Alice and Theodore, Jr., Going Abroad.

Oyster Bay, March 9.—It is announced that the entire Roosevelt family, except Alice and Theodore, Jr., will go to Italy this summer as the guests of Mrs. Roosevelt's sister, Miss Carey, at her villa near Rome. Mr. Roosevelt will join them there after his hunt in Africa.

VERMONT DOCKS

BOSTON AUTOMOBILE SHOW MECHANICS BUILDING, BOSTON MARCH 6-13

WILL CLOSE Saturday, March 13th, 10.30 P. M.

GREATEST EXHIBITION OF AUTOMOBILES, MOTOR CYCLES AND ACCESSORIES EVER HELD IN THE WORLD.

MAY END REBATE ACTION.

The Government Case Depends on the Ruling.

Chicago, March 10.—The government's case in the retrial of the Standard Oil company of Indiana, which so far has fared unfortunately in Judge Anderson's court, narrowly avoided a death blow yesterday. Judge Anderson, who is following the rulings of the court of appeals, held that the government must prove, as alleged in the indictment, that there was a standard rate for oil shipments between Whiting, Ind., and East St. Louis at the time of the offenses with which the defendant is charged, and that the defendant knowingly accepted a lower secret rate.

At the request of Assistant District Attorney Wilkerson court unexpectedly adjourned until to-day to allow time for the preparation of arguments to show that the required evidence will be forthcoming. Judge Anderson's ruling will, it is said, compel the government to ask for leave to amend the indictment. Although the government counsel did not directly state that a refusal to allow this amendment had made good the death blow to their prosecution, their admissions made this inference obvious.

HAND SEVERED FROM WRIST IS PUT BACK ON

Victim of Accident Soon to Be Out as Cured.

Kalamazoo, Mich., March 10.—The hand that was severed from the wrist of Charles Miller at a paper factory here recently has been successfully re-joined to his arm, and it is said that the young man will shortly be discharged from Bronson hospital with the prospect of regaining full use of his hand. Only a small piece of flesh held the hand and arm together when the accident occurred, but doctors quickly bound them together and the wound has rapidly healed.

Doctors here say that few such operations have resulted successfully.

HARRIMAN SEEKS BEGGAR.

Man to Whom He Gave a Dime Wanted By
